

About Barcodes and Graphics

- Print Grade A barcodes *without downloading special fonts* — a feature exclusive to LabelsAnywhere.
- Incorporate graphics, logos and special marks as needed.

About Color Printers

LabelsAnywhere will work with virtually any color laser or ink jet printer. However, Colorflex recommends and sells the **HP 1100DTN inkjet** and the **Okidata C7300N laser printer**. These printers offer the latest technology in their platform and deliver speed and performance at competitive prices. Here are some of the features of each:

HP 1100DTN Color Inkjet

- Network ready
- Approved to run label stock
- Prints color 4 ppm (pages per minute) for label stock
- 4800 x 1200 dpi (dots per inch) resolution

Okidata C7300N Color Laser Printer

- Network ready
- Approved to run Colorflex label stock
- Prints color 11 ppm (pages for minute) for label stock
- 1200 x 600 dpi (dots per inch) resolution
- Single Pass Color Digital technology for printing on media up to 110-lb.
- Powerful 450 MHz PowerPC 750 processor
- If purchased through Colorflex, custom driver and firmware provided to optimize the color palette and print settings for Colorflex label print solutions.

About Colorflex Label Stock

Colorflex offers an array of label sizes on high-quality label stock that can be used with LabelsAnywhere. Whatever your labeling needs, Colorflex can provide the label stock. Contact your Colorflex dealer to learn more.

Settings

- JavaScript™ must be enabled
- Colorflex recommends having cookies enabled

Active X

- System must allow for a VeriSign™ ActiveX control (ActiveX will download in approximately 4 minutes using a 56K modem)

About Security

Colorflex engineers have built security into LabelsAnywhere.

- You set up the System Administrator who can add and delete users as necessary. You control who uses your LabelsAnywhere account at any given time.
- Your data is secure. Although LabelsAnywhere is a Web-based product, all of your data resides safely on your computer — and stays there.
- Before leaving your computer, you can logout to protect your data.
- Should you forget to logout, your LabelsAnywhere session will time out after one hour of inactivity.
